UNIVERSITY OF CALIFORNIA • SANTA BARBARA
TRANSCRIPT GUIDE

UNITS OF CREDIT:
Until September 1966, credits were recorded as semester units. Since that time, the University of California, Santa Barbara has operated on a quarter calendar, with three quarters per academic year and an optional summer session. Each quarter has ten weeks of instruction at the rate of one unit for every three hours of student work required each week.

CURRENT GRADING SYSTEM:
The grades A, B, C, and D may be modified by plus (+) or minus (-) suffixes. Grade points for each unit are assigned as follows:

A+ = 4.0	A = 4.0	A- = 3.7
B+ = 3.3	B = 3.0	B- = 2.7
C+ = 2.3	C = 2.0	C- = 1.7
D+ = 1.3	D = 1.0	D- = 0.7

Grades of F, I, IP, P, NP, S, U and W = 0.0 grade points

Unit credit, but not grade-point credit, is assigned for P and S grades.

P	=	Passed (C or better)	Undergraduate Course Only
NP	=	Not Passed (C- or below)	Undergraduate Course Only
S	=	Satisfactory (B or better)	Graduate Course Only
U	=	Unsatisfactory (B- or below)	Graduate Course Only
I	=	Incomplete	
W	=	Withdrawal after established deadline	
IP	=	Grade to be assigned at the end of the final course in the sequence	

GOOD ACADEMIC STANDING:
A student is in good standing academically unless otherwise indicated.

TRANSFER CREDIT:
Only credit that is accepted by the University is shown on the transcripts of UCSB students. Credit from other UC campuses may be shown either by individual course records or as a unit summary by campus. Individual courses from schools outside of the UC system are not shown.

ADVANCED PLACEMENT CREDIT:
Examinations and the credits accepted for them are shown on the transcript in the same format and location as transfer credit.

COURSE NUMBERING SYSTEM:

1 - 99	Lower Division Courses
100 - 199	Upper Division Courses
200 - 299	Graduate Courses
300 - 399	Professional courses for teachers
400 & above	Other professional and graduate courses

REPEATED COURSES:
An undergraduate student may repeat only those courses for which an NP or letter grade of C- or lower is recorded. If the grade from a previous attempt had been included in the GPA calculations, its effect is then removed by a "repeat adjustment" up to a maximum of 16 units over the student’s career.

ACCREDITATION:
